

LÊ ĐÌNH KHÔI

Fullstack Developer

Ho Chi Minh City, Viet Nam | P: +84 931716633 | ledinhkhoi108@gmail.com | [Github](#) | [Portfolio](#)

CAREER OBJECTIVE

Seeking an opportunity as a **Fresher Fullstack Developer** to apply my knowledge of **NodeJS, ReactJS, MongoDB, and PostgreSQL** in real-world projects. I aim to contribute to high-quality software products while continuously improving my skills in backend, frontend, and testing within an **Agile/Scrum** environment.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Java

Frontend Development: HTML5, CSS3, ReactJS, NextJS, TailwindCSS

Backend Development: NodeJS, ExpressJS, Spring Boot

Databases: PostgreSQL, MongoDB, Prisma ORM

Others: REST API, Git, JUnit, Mockito, JWT, Supabase

WORK EXPERIENCE

FPT SOFTWARE HO CHI MINH

Ho Chi Minh City, VN

Java Back-End Intern

Nov 2024 – Jan 2025

- Collaborated with an intern team to design and implement a mock backend project using **Spring Boot** and **PostgreSQL**.
- Performed **unit testing** with JUnit and Mockito, achieving 80% test coverage.
- Worked in an **Agile/Scrum** environment, using **Taiga** for task management and **GitLab** for source control.
- Deployed the application prototype on **Google Compute Engine**.

RELEVANT PROJECTS

LUMEN - MERN STACK FILE UPLOAD SYSTEM

Aug 2024

- Developed a web application to manage users, courses, and posts with scheduling features.
- Integrated **Multer** for file handling, **Supabase** for storage, and **MongoDB** for metadata management.
- Implemented client-side state and data fetching with **ReactJS** and **TanStack Query**.

MAILIZE - WEB EMAIL SERVICE

May 2023

- Developed a web application simulating an email service similar to Gmail.
- Used **ReactJS**, **NextJS**, and **TailwindCSS** to build a responsive front-end interface.
- Learned how to develop the back-end using **ExpressJS** and **MongoDB**, ensuring smooth data exchange between client and server.

EDUCATION

TON DUC THANG UNIVERSITY

Ho Chi Minh City, VN

Bachelor of Engineering in Software Engineering

May 2025

Cumulative GPA: 3.0/4.0

CERTIFICATIONS

APTIS International Certificate - English Level B2
