Experience

Web Developer

Team Project - CareerHub

January 2024 - Present

- Developing CareerHub, a team project aimed at creating a LinkedIn-like platform focused on browsing jobs and companies.
- Working with a team to implement the front-end using ReactJS, NextJS, and TailwindCSS to create an intuitive and responsive user interface.
- Designing and managing the database with Prisma ORM.
- Implementing features for job and company listings, search functionality, and user profiles.
- Github: <https://github.com/Pet3r1512/CareerHub>

Web Developer

Balan Coffee Roastery, Ho Chi Minh City

June 2023 - December 2023

- Collaborated with a team to design and develop a website for Balan Coffee using ReactJS, NextJS, TailwindCSS, and Prisma ORM.
- Implemented a responsive design that allowed the application to be used across multiple devices with minimal modifications.
- Created interactive features such as a menu display, and online ordering system.
- Link: www.balancoffeeroastery.com.vn

Web Developer

School Project - Mailize

March 2023 - May 2023

- Developed Mailize, a web application simulating an email service similar to Gmail, as a university final project.
- Used ReactJS, NextJS, and TailwindCSS to build a responsive and intuitive front-end interface.
- Learned how to develop the back-end using ExpressJS and MongoDB, ensuring smooth data exchange between client and server.
- Github: <https://github.com/lekhoi2709/Mailize>

Education

Ton Duc Thang University | Ho Chi Minh City
Software Engineering

November 2020 - Present

Certificates

Aptis ESOL International Certificate (B2 Overall)
British Council
