LÊ ĐÌNH KHÔI
Frontend Developer

Ho Chi Minh City, Viet Nam | P: +84 931716633
Email: koledinleko@gmail.com

Github: github.com/lekhoi2709
Portfolio: ledinhkhoi.vercel.app

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Java
Frontend Development: HTML5, CSS3, ReactJS, NextJS, Astro, TailwindCSS
Backend Development: NodeJS, ExpressJS, Spring Boot
Databases: PostgreSQL, MongoDB, Prisma ORM
Version Control: Git
Project Management: Scrum, Taiga
Testing: JUnit
Cloud & Deployment: Vercel, Railway, Render, Google Compute Engine
Other Technologies: OAuth2, JWT, Supabase

WORK EXPERIENCE

FPT SOFTWARE HO CHI MINH   Ho Chi Minh City, VN
Java Back-End Intern   Nov 2024 – Jan 2025
- Collaborated with an intern team to design and develop a mentor-guide mock project.
- Learned about Agile and Scrum, and used Taiga for project management.
- Attended daily meetings to report work, discuss strategies, and find improvement solutions.
- Gained hands-on experience in unit testing, achieving 80% test coverage.
- Technologies used: Spring Boot, PostgreSQL, JUnit, Mockito, Gitlab, Google Compute Engine.

RELEVANT PROJECTS

LUMEN - MERN STACK FILE UPLOAD SYSTEM   Aug 2024
- Built a web application for managing users, courses, and posts with flexible scheduling features using ReactJS, Tanstack Query, and ExpressJS.
- Integrated Multer for file handling, Supabase for storage, and MongoDB for metadata.

BALAN COFFEE ROASTERY   Oct 2023
- Designed and implemented a shopping website in a 4-person team using ReactJS, NextJS, TailwindCSS, and Prisma ORM.
- Implemented a responsive design to ensure usability across multiple devices with minimal modifications.
- Developed interactive features such as a menu display and an online ordering system.

MAILIZE - WEB EMAIL SERVICE   May 2023
- Developed a web application simulating an email service similar to Gmail.
- Used ReactJS, NextJS, and TailwindCSS to build a responsive front-end interface.
- Learned how to develop the back-end using ExpressJS and MongoDB, ensuring smooth data exchange between client and server.

EDUCATION

TON DUC THANG UNIVERSITY   Ho Chi Minh City, VN
Bachelor of Engineering   May 2025
Major in Software Engineering
Cumulative GPA: 3.0/4.0
